

11/11/19

Dear Neighbour

Re: Stones Farm Development – Information

Following our previous update letter of 30/10/19 we have been delayed by the poor October weather and some clashes between drainage pipes and existing services which required some re-design.

- We now anticipate completing this section and repositioning the traffic management on Saturday 16/11/19.
- Our aim is to have the North western section of the diversion closest to No 219 coned off between 16/11/19 and 20/12/19 then remove the traffic management entirely over the Xmas break if possible.
- After Xmas the coned off section of road will be moved to the Southwestern section of the diversion outside No 39 to No 210. Our aim is to carry out his section between 06/01/20 and 17/01/20. As previously advised
- From 18/01/20 to 31/01/20 we will cone off the South eastern section of the diversion works closest to the Fruit and Veg shop. As previously advised.

We hope this gives you sufficient information concerning the plans going forwards in the coming period.
